

MPCOE & TPSDI signed MoU

MPCOE and TPSDI (Tata Power Skill Development Institute) have signed MoU on **26th September 2018**. Under this, TPSDI is going to offer various skill development courses for **Electrical & Mechanical Engineering students**. These courses are mostly conducted during vacation period of students, that's why without affecting their academics; students can gain extra practical knowledge along with theory which can built their confidence level by triggering their ambition for facing various challenges in industries. During this program, TPSDI members visited college campus, also projects done by B.E. students were seen by them.
