## Report of NDT Workshop (10<sup>th</sup> – 11<sup>th</sup> March 2017) – Mechanical Department

The main aspiration and inception of the convention is to provide method of testing without destroying any component/ material/ material subjected to high pressure & loads can ensure by NDT. Without harming the component their failure can be predicted, it provides an opportunity to gain knowledge in emerging area of NDT, and also to provide a forum with vision in the minds of technical technocrats, research scholars, representative from academics & educators for sharing ideas. The workshop was conducted on date **10<sup>th</sup> March & 11<sup>th</sup> March 2017**.

It provide an opportunity to achieve global competitiveness in different areas, it will help the students to work in team, to interact with experts & to expose themselves with outside world.

Attendance & Feedback

Academic Year: 2016-17

Name of the programme/event: " 02 dayr workshop on NDT "

Date of programme/event: 20<sup>th</sup> & 21<sup>th</sup> March 2017

Objective of the programme: To aware about non destructive  
Testing & checking its very parameter

Department Name: Mechanical Engineering

Feedback of the programme:

- The hands-on practical training sessions were very good
- The course was very relevant to the subject taught and will help them in most aspects of Academic and career
- Objectives were clearly stated from the start. Student gained a greater knowledge on the usage of equipment and its applications.
- The Power Point presentation was very good as the slides were to the point.
- The trainer got the learning message across by breaking everything down into simplified sections. He gave a broad range of examination criteria and had a very good knowledge of the standards.
- A very good mixture of theoretical and practical training.
- The training was very informative and practical.
- The trainer was very experienced and was able to answer all of our queries.
- The syllabus was excellently delivered. All aspects were clearly explained and in context
- Students have picked up a lot of factual information regarding the programme conducted.
