Dear Rohan,

Thank you for your inquiry. I am sorry that there has been no plan so far to publish the conference proceedings. So we cannot give you any ISBN number.

However, as you know, the video recordings were made public; perhaps you can provide your Institute a link to your presentation.

Best wishes,

Michel Danino

dear sir,

This is very late to know about IISBN / ISSN number of conference proceedings. I have published my work in the conference 'International Conference on Exploring the History of Indian Mathematics' (held at IITGN on 2017 December 4-6). My institute is going through accreditation process. They are asking me about proceeding book and ISBN number. Can you help me on this. If so then I need following details

ISBN number :-

certified photocopy of the first page of the books:-

Regards,

Rohan S. Gondhalekar

Dear scholars and participants,

With some delay, all the lectures at the recent International Conference on Exploring the History of Indian Mathematics (held at IITGN on December 4-6) are now available for viewing on IITGN's YouTube channel. The playlist is:

<https://www.youtube.com/playlist?list=PLRfu94TCePTtgPLfyysqQPMqdwyJvy0Vf>

Kindly circulate this information among other interested scholars and friends.

I will shortly share a group photo.

Best regards,

Michel
