Soft Skills Training and personality development program

While technical skills may get a foot in the door, people skills are what open most of the doors to come. Work ethics, attitude, communication skills, emotional intelligence and a whole host of other personal attributes are the soft skills that are crucial for career success. With these soft skills one can excel as a leader.

Problem solving, delegating, motivating, and team building are all much easier if one has good soft skills. Knowing how to get along with people and displaying a positive attitude are crucial for success. The problem is, the importance of these soft skills is often undervalued, and there is far less training provided for them than hard skills. For some reason, organizations seem to expect people know how to behave on the job. Organization tends to assume that everyone knows and understands the importance of being on-time, taking initiative, being friendly, and producing high quality work.

Objective of the personality development program are as follows

1. To enhance employability during future campus selection
2. To bring about an attitudinal change
3. To enhance the leadership qualities & better decision making capability

It was conducted external resource by Mrs Suman Keluskar on 11-9-2015 to 12-9-2015. It was attended by 140 students (B.E- 110 and T.E 30)

Topics covered are as follows

- A. Communicate for impact
- B. Impress at the interview
- C. Presentation Mastery
- D. Lead the group discussion

Games and Activities and case study were taken in imparting knowledge on above topics

Training and Placement Cell in the MPCOE

Training and Placement Cell in the MPCOE plays a vital role and is becoming a key department of the institute. As there are large numbers of Engineering and Management colleges coming up in India, the competition for employment is increasing every day and the job of placement is becoming a challenging one.

Our Training and Placement Office is performing the following activities:

1. Arranging in plant training for students.
2. Inviting various organization for campus recruitment.
3. Training to suit various needs of industry

The Training & Placement Cell of our institution plays a pivotal role in counseling and guiding the students for their successful career placement. In addition to campus placements, the Training and Placement Cell organizes Professional Development programs like mock interviews, group discussions, pre-placement talks, interactive sessions with industrial experts, case studies etc. and Personality Development programs covering communication skills, presentation skills, career planning etc., on a regular basis to enable the students to acquire the necessary traits to become useful to industries.

The Training & Placement Cell provides all audio visual facilities for presentations, conferences, written test, group discussion and personal interviews. If a company desires to hold online tests for the candidates, the arrangements will be made in the computer center on prior intimation. Interview can be arranged through Skype.

In addition to campus placements the T & P section organizes programs mock interviews, group discussions, case studies, etc. It also organizes the program like:

- Personality development
- Interpersonal & communication skills
- Career planning and career mapping
- Program on Technology and Management

PLACEMENT FACILITIES

- Separate cell has been established with one full time staff incharge for placement
- Corporate recruitment data update.
- Guide students to approach companies.
- Survey on recruiters' expectations from students.
- Feedback from employers of past batches.
- Alumni networking.
- Organizes training sessions on soft skill development,

what did I like
 The main things I like this two days workshop is that every individual was given a platform to present himself on the stage. It gave us an idea about the current scenario of the management of engineering field company. It helped us to overcome the fear when coming out of the mob & speaking.

The main thing I would like to except is that give a suggestion that if a candidate is lacking behind then I should be personally. • be given some suggestions and giving him a certain task. for that candidate. There should be variations in the activities

Notice

TO ALL B.E Students

(Civil /Computer /Electrical/Electronic and Telecommunication /Instrumentation /Mechanical)

The Training & Placement Cell at MPCOE, Velneshwar persistently encourages the students towards becoming perfect industry required employee. Training & Placement Cell will guide students on following activities

1. Interview techniques,
2. Group discussions,
3. Aptitude tests,
4. To provide in-plant training at industries,
5. To organize industrial visits for students,
6. To encourage students to face campus interview in the fields they desire,
7. To invite prospective companies to campus for recruitment, to achieve maximum possible placements for students.

Apart from imparting technical skills to students, the personality development programs are also an intrinsic part of their grooming. In order to improve the performance of students in the skills such as Technical, Aptitude, Communications, etc.,

MPCOE will conduct Personality Development Training Programs in addition to the soft skills training program arranged within the campus.

Online exams for placement

There are few websites which will manage placements directly to students via conducting online exams. Students need to register themselves in the websites and should gain their score cards by appearing for online exams.

Companies (Most of them will be MNC's) will go through those database of score cards and will invite students to interview processes according to their scores.

This is the trend which is going on with most of the companies. Following are the websites that manage the placements

AMCAT (<https://www.myamcat.com>) - Will offer online exams to students. Student needs to go to their venue and appear the exam. Exams will be on every weekends. (Fee will be around 700)

e-Litmus (<https://www.elitmus.com>) Exams same as above, but a student can improve his/her scores as many times as possible. (Fee will be around 1000)

Students are encouraged to enroll in both AMCAT and e-Litmus so as to have opportunities from sites.

JOIN US FOR SUCCESSFUL CAREER

2015-16

To,

Nikhil Gokhale Sir,

Warm greetings from MUDRAA CAREER GUIDANCE CENTRE!!!

With your Prestigious Institute, we want an opportunity to arrange a workshop on "How to crack Aptitude tests?"

During the session, based on our data of Aptitude tests of Different companies like Capgemini, Accenture, Infosys, TCS etc and also of few small companies, we will try to cover some frequently asked topics during the aptitude tests, along with some last minute tips and tricks and strategy on How to handle those crucial 60 minutes of the test.

We will be glad, if you give us one opportunity to have a free session for the same, and we promise you, we will not disappoint you and your students. After which we can finalize the further things for a 30 hour workshop. In the time, where campus placement scenario is not very great everywhere, our aim is to make student capable to get the job, even when they want to try off campus. And this is something engineering students will never forget about the training program.

Delivering the quality training at a very reasonable cost has been the reason for our success in last 8 years. We also have tie ups with few Institutes in Mumbai for Aptitude tests as well as exams like GRE, IBPS exams, MBA CET etc.

We are already in Association with a reputed institute of Konkan Region i.e. **Finolex Academy of Management and Technology, Ratnagiri** and will be starting with **SSPM College of Engineering, Kankavli** from January 2016.

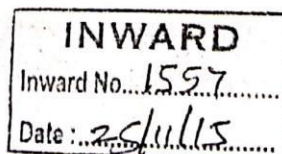

Looking forward to get the opportunity to meet you in person and to have a free introductory session for students of your institute.

we expect to make a new association, a new relation with you in this New year to further help the new generation when they need it most after their graduation.

With warm regards,

For **MUDRAA CAREER GUIDANCE CENTRE**
